Launch Teasers

1. “Your remote talks. Your card talks. Your Wi-Fi talks. VariOne helps you understand what they are saying.”
2. “A cute device for serious cyber-awareness.”
3. “Cybersecurity is easier to learn when you can actually see it.”
4. “Vemo is waking up. Demo day is coming.”
5. “One device. Many signals. One big reveal.”

Student Posts

1. “Tired of learning cybersecurity only from slides?”
2. “What if your lab device had a mascot?”
3. “Wireless security, but make it visual.”
4. “For students who want to see how the invisible parts of technology actually work.”
5. “Learn the risk. Understand the pattern. Build better awareness.”

Mascot Posts

1. “Vemo found a signal.”
2. “Vemo is confused, so today we explain Wi-Fi awareness.”
3. “Vemo says: do not fear cybersecurity. Learn it.”
4. “Vemo is tiny, but the lesson is big.”
5. “Vemo mode: working.”

Committee / Academic Posts

1. “VariOne connects embedded systems, wireless communication, and cybersecurity awareness in one student-focused device.”
2. “A practical learning tool for making security concepts visible.”
3. “Designed to help students move from theory to controlled demonstration.”
4. “Affordable cyber-awareness learning, built around hands-on interaction.”

Launch Plan

- : - final project presentation
- : - - classmates - committee members
- proof: - live demo - - 3D printed model -
- :
- .1 Teaser video
 2. Explainer video
 3. Website homepage
 4. University screen loop
 5. Banner/poster design

6. Social post templates
7. Mascot sticker/reaction pack
8. Simple pitch deck

14-Day Content Sprint

Days 1-2: Brand Lock

: - - - - color palette - typography
 style - references anime tech mascot
 : - mini brand board - mascot reference board - product render reference board

Days 3-5: Core Visuals

: - 3D render - hero product angle - Vemo poses - signal icon set
 : - hero render - mascot pack v1 - feature icons

Days 6-8: Video Assets

: - teaser storyboard - explainer storyboard - motion graphics - vertical wide formats
 : - 30s teaser draft - 60s explainer draft - 45s event screen loop

Days 9-11: Social Templates

: - Instagram/Reels covers - TikTok thumbnails - carousel templates - “Vemo Explains”
 : - 10 social templates - 5 launch captions - 3 carousel scripts

Days 12-14: Event Package

: - banner - presentation intro/outro - website landing copy - final demo visual loop
 : - event banner - website copy - screen loop - final launch folder
